Greetings!

I am an incoming 4th year Bachelor of Science in Information Technology student from De La Salle University -Dasmariñas, and I am seeking for a suitable working opportunity for practicum in your company. The practicum requires us to render 486 hours of work over a period of at least 3 months in the company site.

I am interested in areas of Information Technology, particularly in web systems and network development. I have taken courses on Information Technology, and I am familiar, in C#, HTML, Python, Excel.

I have attached my resume with this letter of application for your evaluation of my qualifications. It is my hope that I have suited your interest and have merited your consideration for placement.

I look forward to your reply.

Thank you,

Very truly yours,

Franco Luiz M. Romey
